## ***The Annual Ilkley Colloquium on Health Care Ethics***

**Saturday 21<sup>st</sup> January, 2017**

Craiglands Hotel, Cowpasture Road, Ilkley

Each January the Centre runs an informal weekend colloquium on selected themes in biomedical and Health Care Ethics to which all students on the course and former students are invited. It has attracted external speakers such as Suzanne Uniacke, Susan Mendus, Heather Draper, Gordon Graham, Ruth Chadwick, Simon Lee and Helen Watt.

The colloquium takes place at the Craiglands Hotel in Ilkley, West Yorkshire.

The 26th Ilkley Colloquium will be held on the 21st January 2017. For full details please see our events page.

This year's conference programme is largely made up of home grown speakers, as usual, but we are very pleased to welcome some new speakers who will be less well known to more recent students and alumni.
