We will outline our approach to learning and teaching in the department and give you essential details about the content of your course. We will also offer a thought-provoking taster lecture based on content from the modules we deliver. Topics covered may include 'Reading Roman Cities,' 'A Woman's Tragedy – *Medea* then and now,' 'Where have all the sheep gone on Rome's birthday? An introduction to Roman Religion.'

We will look at some of the key taught modules and cover voluntary opportunities available to students at the University of Leeds including our popular study abroad, industrial placement and students into schools options. You will hear about the broad range of careers our students have moved into as well as the support and resources available to students at the University of Leeds.
